About This Coverage

Rental Coverage

You'll be reimbursed for car rental expenses (up to \$30 per day for a maximum of 5 days) every time the repair of a covered component requires that your vehicle be kept in a repair shop overnight.

Towing Coverage

Reimbursement will be made for towing expenses (up to \$100) if your automobile is disabled as the result of a mechanical breakdown of a covered part. (USA and Canada only.)

Not a "Reimbursement" Policy

All claims for mechanical repairs of covered components will be paid directly to the authorized repairer. You pay only the low deductible.

Best Value

Depending on the plan you choose, and regardless of the make of your vehicle, this plan insures that you get the most comprehensive protection at the lowest possible price.

Please Note:

The coverage extended under the Owner's Protection Plan (OPP) is coverage in addition to the manufacturer's limited warranty. In accordance with Federal law, the term "service contract" as referred to in this brochure shall be interpreted as set forth in 15 USCS 2301. This brochure is intended for general information regarding service plans. See the actual service plan for complete terms and conditions. OMSC/ESP issued plans and addendum are not affiliated or associated with the manufacturer. You may purchase extended service plans from the manufacturer of your vehicle. See your Sales Representative for details. All illustrations and specifications are to the best of our knowledge correct as of the date of publication. **Extended Service Options
for Your New Vehicle**

Stateside or Worldwide

The best warranties in the industry are made even better with the Owner's Protection Plan

Extended service plans may be purchased for Ford, Lincoln, Chrysler, Dodge and Jeep vehicles. You can choose the comprehensive coverage that best suits your driving needs. Ask your Sales Representative for details about available plans.

Protection from huge repair bills

With the Owner's Protection Plan, you don't have to lay out hundreds of dollars for authorized repairs. All you pay is the low deductible; the plan pays the rest directly to the repairer.

Two levels of coverage to choose from

Powertrain Protection (Low) covers the powertrain, including the engine, transmission and differential, plus air conditioning and steering. Protection Plus (High) covers the powertrain and nearly every mechanical component of your vehicle. Select the plan that's right for you.

Worldwide plan available

Plans are available for either Stateside or worldwide coverage. The worldwide plan offers the convenience of fast, reliable repair claims service wherever Exchange New Car Sales locations are maintained and vehicles are delivered.

Rental and towing are covered too

Whichever plan you choose, you'll be entitled to rental reimbursement if a covered repair keeps your vehicle in the shop overnight. If a mechanical breakdown of a covered component means your vehicle must be towed, you're covered for that too (USA and Canada only.)

Easy to handle payments

If you purchase this coverage when you purchase your car, you can finance the entire cost of the plan along with your vehicle, for one manageable monthly payment.

When it's time to sell, your car is worth more

Because the Owner's Protection Plan is transferable to the next owner, you can sell your vehicle with a service plan—just like a dealer does. So even if you never need the coverage, offering it with your car or truck adds value at resale time. (Overseas coverage is non-transferable.)

The best coverage available, at the best price

Depending on the coverage you choose, the Owner's Protection Plan insures that you get the most comprehensive protection at the lowest possible price.
